Alexandria, Egypt

Summary:

A passionate and detail-oriented Mathematics Teacher for middle and senior grades, seeking to utilize my strong foundation in mathematics and analytical thinking to deliver engaging and effective lessons. Eager to contribute to developing students' problem-solving skills, critical thinking, and deep understanding of advanced mathematical concepts, while creating a supportive and motivating learning environment and continuously growing as an educator

Skills

- Proficient in mathematical concepts and problem-solving techniques
- Lesson planning and curriculum development
- Student assessment and performance evaluation
- Strong verbal and written communication
- Student engagement and motivation
- Classroom management
- Educational technology and interactive learning tools
- Strong verbal and written communication
- Microsoft Excel (VLOOKUP, Conditional Formatting, Pivot Tables)
- Microsoft Word
- Microsoft PowerPoint
- Microsoft PowerBI
- IBM SPSS
- Tableau

Work Experience

Mathematics Teacher - (EGC)

2024-Present

- Delivering Mathematics lessons for senior grades aligned with international standards
- Developing and delivering structured lesson plans tailored to different student levels
- Simplifying complex concepts in algebra, calculus, trigonometry, mechanics, and statistics
- Preparing students for exams using structured problem-solving approaches
- Enhancing students' analytical thinking and logical reasoning skills
- Managing classrooms effectively while maintaining an engaging learning environment
- Assessing student performance and providing targeted feedback for improvement
- Integrating technology into teaching (digital tools, interactive learning, visual explanations)
- Encouraging student participation, confidence, and independent thinking
- Applying real-world examples to make mathematical concepts more practical and relatable
- Collaborating with students, parents, and colleagues to support student development

Zahran language school - Trainee teacher

2021-2022

- Gained hands-on classroom experience in lesson planning, student engagement, and classroom management under the supervision of experienced educators
- Assisted in delivering lessons and supporting students' understanding of mathematical concepts

- Developed foundational teaching skills, including curriculum planning, assessment methods, and creating inclusive learning environments
- Supported classroom activities and contributed to improving student engagement

Udacity · Internship

- Gained practical experience in data analysis through real-world projects in a collaborative environment
- Worked with datasets to extract insights and improve analytical and problem-solving skills

Education

Master of Science (MSc) in Mathematics -University of Trieste, Italy

(in progress)

Bachelor of Science and Education in Mathematics - English Section

Alexandria University
July 2022

Portfolio
